This is a public meeting of the Needham Select Board. The meeting is open to the public both in person and via Zoom. Residents are invited to provide comment during the public comment period (if set forth below) and for any item explicitly listed as a public hearing. Public comment is not available during other agenda items.

	6:00	Public Comment Period Residents are encouraged to inform the Office of the Town Manager in advance via email (OTM@needhamma.gov), telephone (781) 455-7500 extension 204, or in person by the end of the business day prior to the meeting of their intent to participate in the public comment period. The Chair will first recognize those who have communicated in advance their desire to speak for up to three minutes. If time allows, others wishing to speak will be recognized in an order determined by the Chair for up to three minutes. The Board’s policy on public participation in meetings can be found here .

Agenda Item	Arbor Day Proclamation
Presenter(s)	Ed Olsen, Department of Public Works – Parks and Forestry Division Superintendent

1.	BRIEF DESCRIPTION OF TOPIC TO BE DISCUSSED
	Mr. Olsen will present to the Board the 2025 Arbor Day proclamation, celebrating the 153 rd anniversary of the first Arbor Day.
2.	VOTE REQUIRED BY SELECT BOARD
	Suggested Motion: “That the Board vote to approve and sign the 2025 Arbor Day Proclamation.”
3.	BACK UP INFORMATION ATTACHED
	1. Arbor Day Proclamation 2. Letter to Select Board from Ed Olsen 3. Schedule of Events for May 2nd Arbor Day Celebration

TOWN OF NEEDHAM

2025 ARBOR DAY PROCLAMATION

WHEREAS, this holiday, called Arbor Day, was first observed with the planting of more than a million trees in Nebraska, and

WHEREAS, Arbor Day is now observed throughout the nation and the world, and

WHEREAS, 2025 commemorates the 153rd anniversary of Arbor Day, and

WHEREAS, trees can be a solution to combating climate change by reducing the erosion of our precious topsoil by wind and water, cutting heating and cooling costs, moderating the temperature, cleaning the air, producing life-giving oxygen, and providing habitat for wildlife, and

WHEREAS, trees are a renewable resource giving us paper, wood for our homes, fuel for our fires, and countless other wood products, and

WHEREAS, trees in our city increase property values, enhance the economic vitality of business areas, and beautify our community, and

WHEREAS, trees — wherever they are planted — are a source of joy and spiritual renewal.

NOW, THEREFORE, we, the Select Board of the Town of Needham, do hereby proclaim Friday, April 26th as Arbor Day in the Town of Needham, and

FURTHER, we ask all residents to celebrate 153 years of Arbor Day and to support efforts to protect our trees and woodlands, and

FURTHER, we encourage all residents to plant trees to gladden the heart and promote the well-being of this and future generations.

Dated this twenty second day of April, 2025

SELECT BOARD

Town of Needham-DPW Parks and Forestry Division

500 Dedham Ave.
Needham, MA 02492
781-455-7550, ext. 316

April 17, 2025

Select Board
1471 Highland Avenue
Needham, MA 02492

Dear Members of the Board:

Nationally, Arbor Day is celebrated on the last Friday in April. This year, the Parks and Forestry Division has a lot of celebrations going on around Town. First, as always, we will be teaching the significance of this day to second grade students. This year we will be celebrating Arbor Day with the students at Broadmeadow Elementary School. We will be planting several trees with the children's help as well as handing out informational packets, coloring books and seedlings for the children to bring home.

Town of Needham Parks & Forestry staff will also be working on a neighborhood Park cleanup and Arbor Day celebration at Noyes Park. On this cleanup day we will be joining forces in collaboration with our partners at the Needham Garden Club. This celebration will be supported by staff, equipment and trees from one of our local partners, Hartney Greymont. Next, our friends at Eversource Electric's Transmission Division will be providing and planting native tree species, Red Maple and Serviceberry trees along our Needham Accessible Rail Trail. Not only we will be modeling the planting of native species but also demonstrating the planting technique and best management practice known as "Right Tree, Right Location". And finally, myself, staff, High School students, faculty and members of the HS Environmental Club will be working on planting trees on the school property both in the back of the school by the 9/11 Memorial as well as along the front entranceway on Webster Street. To formalize these events, please vote to approve and sign the 2025 Arbor Day Proclamation.

Sincerely,

Edward Olsen
Tree Warden / Supt. Parks and Forestry Div.

STUDENTS PARTICIPATING..... Second Grade Classes

HANDOUTS TO STUDENTS. Seedlings

BENEFITS OF TREES

- LUMBER FOR HOMES
- FOOD FROM FRUIT – APPLES, PEARS, PEACHES; TAPPING SAP FOR MAPLE SYRUP
- CLEANS THE AIR, ABSORBS CARBON DIOXIDE AND GIVES OFF OXYGEN
- FIGHTS GREENHOUSE EFFECT CAUSED BY CARBON DIOXIDE
- SAVES ENERGY - CONTROLS TEMPERATURE –SHADE WHEN ITS HOT AND WHEN THE LEAVES FALL OFF ALLOWS THE SUN TO WARM THE SOIL
- REDUCES NOISE AS A BARRIER – HELPS MUFFLE NOISE IN CITIES
- WINDBREAKS REDUCES WIND EROSION
- REDUCES RUNOFF AND WATER EROSION –ABSORBS WATER WITH THEIR ROOTS, HOLD THE GROUND TOGETHER AND CATCHES RAIN IN THEIR LEAVES
- PROVIDE FOOD SHELTER AND FOR WILDLIFE – NESTING AREAS
- BEAUTIFIES THE AREA AROUND US – FLOWERS AND FALL COLORS

TOWN OF NEEDHAM
AGENDA FACT SHEET**

MEETING DATE: 4/22/2025

Agenda Item	Envision Needham Center Working Group
Presenter(s)	Kate Fitzpatrick, Town Manager

1.	BRIEF DESCRIPTION OF TOPIC TO BE DISCUSSED
The Select Board established the Needham Center Project Working Group on August 13, 2024 to provide input and feedback to the Department of Public Works and its consulting engineers on the design and layout of the Needham Center/Great Plain Avenue project. The Board updated the group's title to the Envision Needham Center Working Group on January 21, 2025. The original composition included one designated member seat for each of the following in Needham Center: a small business owner, a restaurant owner, and a property owner. The restaurant owner and property owner seats are vacant. This recommended amendment to the composition will ensure that all three seats remain dedicated to these key stakeholder groups, while providing flexibility to ensure the seats can be filled.	
2.	VOTE REQUIRED BY SELECT BOARD
Suggested Motion: That the Board vote to approve the updated composition for the Envision Needham Center Working Group.	
3.	BACK UP INFORMATION ATTACHED

- One (1) member of the Transportation Safety Committee
- One (1) member of the Needham Revitalization Trust Fund Commission
- One (1) member of the Council of Economic Advisors
- One (1) member of the Planning Board
- One (1) member of the Finance Committee
- One (1) member of the Mobility Planning and Coordination Committee
- One (1) member of the Climate Action Committee
- One (1) member of the Design Review Board
- Three (3) individuals who represent a Needham Center small business, restaurant or commercial property owner
- ~~One (1) small business owner in Needham Center~~
- ~~One (1) restaurant owner in Needham Center~~
- ~~One (1) property owner in Needham Center~~
- Two (2) residents at large
- The Director of Public Works or Designee*

* Regular municipal employees serving on the Committee remain regular municipal employees, even though the committee members are designated as special municipal employees

Purpose: The purpose of the working group is to provide input and feedback to the Department of Public Works and its consulting engineers on the design and layout of the Needham Center/Great Plain Avenue project.

Charge: The charge of the working group is to:

- Meet regularly with Town staff and consulting engineers to provide input.
- Ensure that constituency needs and desires are considered.
- Report back to constituencies to ensure clear communication on progress.
- Help staff and consulting engineers narrow concept choices.
- Make recommendations to the Select Board on key milestones and decision points.
- Participate in community outreach efforts.
- Make recommendations for funding, as appropriate.

Charge Adopted: 8/13/2024 **Charge Revised:** 1/21/2025, 4/22/2025 (proposed)
SME Status Voted: 12/3/2024

MEETING DATE: 04/22/2025

Agenda Item	Debt Financing Outlook
Presenter(s)	Kate Fitzpatrick, Town Manager David Davison, Deputy Town Manager/Director of Finance

1.	BRIEF DESCRIPTION OF TOPIC TO BE DISCUSSED
	We will present to the Board the attached debt financing outlook report from the Deputy Town Manager/Director of Finance. The report's assumptions include approval of the public works facilities improvements, improvements to the public library, and sewer infiltration and inflow prevention work included in the May 2025 Annual Town Meeting warrant and the at-grade improvements to implement the quiet zone that is planned to be presented in October 2025. The report assumes approval of the replacement of the Pollard School as submitted by the Needham School Committee, which would be funded in partnership with the Massachusetts School Building Authority (MSBA) and be presented for debt exclusion vote in November 2026. The report also includes capital projects recommended for funding in part or whole by debt in the FY2026 – FY2030 CIP, as well as projects that have not been identified as Tier I capital recommendations but could be funded by debt if approved. The plan also includes the capital request for the replacement of Mitchell School as submitted by the Needham School Committee also with the assumption of the MSBA partnering with the Town and that it would be financed by excluded debt. The future phases of the public work facilities improvement are also in the plan. The report provides a summary of the impact of financing all the identified projects under three different interest rate assumptions and three different revenue growth rate assumptions. The report is for planning purposes; it is expected that the actual projects and sequencing will differ from this analysis.
2.	VOTE REQUIRED BY SELECT BOARD

Re: Debt Financing Outlook

Key Components of the Select Board's Debt Policy

The Board's policy on debt management has twelve points of which the following three are essential to this report:

- The Town will allocate or reserve three percent (3%) of projected General Fund revenue (e.g. property taxes, less debt exclusions, state aid, and local receipts) for debt service.
- To the extent practicable, user fees will be set to cover the capital costs of enterprise type services or activities - whether purchased on a pay-as-you-go basis or through debt financing - to avoid imposing a burden on the property tax levy.
- The Town will strive to limit total debt service, including debt exclusions and self-supporting debt, to ten percent (10%) of gross revenues.

Interest Rate

The analysis of the possible impact of the proposed FY2026 capital projects for funding by debt is based on a 6.25% interest rate. The interest rate assumption was used to calculate the annual financing expense for both the new projects and for amounts already approved but not yet borrowed. The coupon rates on the last five bond issues included 5% rates. However, given the amount of time that may elapse before the projects are undertaken, it is prudent to weigh the impact that a higher rate would have on the Town's ability to fund projects and service the debt. Furthermore, although we used the above rate assumptions for the entire amortization period to estimate the annual debt service expense and the debt service to revenue ratios, the Town usually never borrows and bonds the full amount at the start of a project but rather borrows an amount to meet the cash flow requirements for a 6 to 12 month period through short term financing by issuing bond anticipation notes (BAN). BANs generally carry a lower interest rate than bonds so the calculations are more conservative. The chart (next page) shows the history of the general obligation bonds the Town has issued since 2000 and what the stated interest rates on the bonds were. Since 2000, the highest bond rate was 5% and the lowest bond rate was 1%. Interestingly, only eight months elapsed between the highest and the lowest rate. The Town last issued a Bond on April 14, 2022, which carried interest rates between 3% and 5%. The bond issued just one year prior (2021) carried interest rates between 2% and 5%. The higher coupon rates have tended to be in the earlier years when the principal balance is higher and consequently the debt service cost is also higher.

Interest Rates on Prior Bond Issues

Issued	Years	Amount	Bond Rates	Issued	Years	Amount	Bond Rates
6/15/2001	10	\$8,883,000	4.000%	10/15/2010	6	\$4,635,000	1.000% - 3.000%
5/15/2003	8	\$5,590,000	1.500% - 2.800%	6/1/2011	17	\$11,750,000	2.000% - 5.000%
11/4/2003	20	\$14,000,000	2.500% - 4.625%	10/18/2011	15	\$2,460,000	2.000% - 3.125%
6/1/2004	3	\$1,680,000	3.000%	10/15/2012	18	\$12,244,000	2.000% - 4.000%
12/8/2004	15	\$12,649,000	3.000% - 4.750%	6/28/2013	19	\$5,945,000	2.000% - 4.000%
6/1/2005	20	\$6,827,000	3.250% - 4.125%	12/2/2013	20	\$6,085,000	3.000% - 4.000%
12/15/2005	9	\$3,346,000	3.375% - 3.800%	6/2/2014	20	\$5,032,000	2.000% - 3.500%
11/1/2006	20	\$11,970,000	3.750% - 4.500%	4/15/2015	19	\$13,425,000	2.000% - 4.000%
6/15/2007	15	\$4,470,000	4.050% - 5.000%	6/16/2016	11	\$6,645,000	2.000% - 4.000%
12/11/2007	4	\$3,205,000	3.250% - 3.250%	1/17/2017	25	\$10,945,000	3.000% - 4.000%
6/13/2008	18	\$12,600,000	3.250% - 5.000%	7/31/2018	25	\$31,000,000	3.000% - 5.000%
11/7/2008	19	\$5,600,000	3.000% - 5.000%	10/1/2019	25	\$27,500,000	2.625% - 5.000%
6/1/2009	19	\$6,842,000	2.000% - 4.000%	6/25/2020	20	\$25,185,000	2.000% - 5.000%
12/15/2009	19	\$15,815,000	2.000% - 4.000%	4/15/2021	19	\$24,075,000	2.000% - 5.000%
6/15/2010	14	\$4,000,000	2.000% - 3.500%	4/14/2022	15	\$10,115,000	3.000% - 5.000%

Revenue Assumptions

General Fund revenue within the levy limit consists of property taxes (after subtracting excluded debt), state aid (after subtracting aid meant for excluded debt), and local receipts. We have assumed a rounded straight four percent increase in the total of those receipt types annually, with the preliminary FY2026 estimate as the base year. The growth assumption is based on ~80% of the long-term average growth rate in General Fund revenue after adjusting for overrides and nonrecurring revenue.

The debt excluded revenue is assumed at the same amount as the exempted debt identified for payment in the fiscal year. The excluded debt revenue is property tax and any offsetting revenue such as premiums received on bonds issued prior to the implementation of the Municipal Modernization Act. The Act changed the accounting, and use of any premium proceeds received which now negates the need for the annual adjustment.

CPA revenues are derived primarily from two sources: property tax surcharges and state aid matches. The CPA revenue estimate in the out years is built off the FY2026 estimate. The CPA surcharge revenue is assumed to grow at four percent annually, and the State revenue match is assumed at 10%. We have continued to assume a lower percentage match from the Commonwealth because of the increased number of communities eligible for funding from the State Trust. The total number of communities participating in the program (as of March 2025) is 199 (36 cities and 163 towns). The State's match is based on the Town's prior fiscal year surcharge, i.e., the State revenue match payment received this year (FY2025) was based on the FY2024 CPA surcharge. The state match calculation is based on 99% of the prior year committed surcharge.

We have assumed a two percent annual increase for both Sewer and Water Enterprise Fund revenue with FY2026 as the base year moving forward. Enterprise fund receipts can vary significantly from year to year depending upon the rates, consumption, and regulatory restrictions on use. Therefore, a much more conservative growth estimate is prudent.

Project Cost and Timing Assumptions

For the purposes of this report, as in prior reports, we have assumed that the project cost would not be more than the figures presented and that 100% of the appropriation would be necessary to complete the project. If the total project cost is less than authorized, the effect would be less debt, hence a lower debt expense, and for an excluded debt financed project less would be paid by the taxpayer on the tax bill. When the Town is involved in a large multi-year construction project it does not borrow all the funds at one time but rather borrows a sum to cover the payments due to the contractors for work expected to be completed over the upcoming six to twelve month period. Should a project take more than the estimated time, payments to the contractor would be delayed; hence the funds would not be borrowed as quickly. The effect would be less interest expense in the short run, but perhaps a longer repayment schedule.

We assume that all the current open debt authorizations (see table) will be fully expended, except that the remaining borrowing authorization for the Jack Cogswell Facility (\$35,000) and the \$1,324,900 of the remaining borrowing authorization for the Public Safety Buildings are on the 2025 Annual Town Meeting warrant for rescission and hence will not be borrowed. The debt service for the open authorizations has been calculated at a long-term rate assumption of 6.25%. We have added the FY2026 proposed capital projects to the debt schedule. The FY2026 projects are based on requestor's submitted timeline, however the requested timelines are not necessarily the timeline that would be followed.

		Open Authorizations		Not Yet Issued	
Approved	Project	Town Meeting	Art	Authorized	Balance
2025	Claxton Field Renovation Project	06-May-24	27	\$3,600,000	\$3,600,000
2025	Sewer Main Replacement	13-May-24	33	\$13,000,000	\$13,000,000
2024	Rooftop Unit Replacements	01-May-23	27	\$9,000,000	\$6,970,000
2024	Water System Distribution Improvements (South Street)	01-May-23	32	\$4,000,000	\$4,000,000
2023	Emery Grover Renovation Supplement	24-Oct-22	10	\$1,295,000	\$1,295,000
2023	Emery Grover Renovation - CPA	04-May-22	21	\$4,000,000	\$3,435,585
2023	Emery Grover Renovation - GF	04-May-22	21	\$10,150,000	\$4,384,000
2022	Public Safety Buildings Construction	01-May-21	37	\$1,400,000	\$1,340,000
2022	Sewer Main Replacement	01-May-21	39	\$363,000	\$204,500
2022	Water Service Connections	01-May-21	41	\$1,000,000	\$196,550
2020	Water Distribution System Improvements	06-May-19	41	\$4,500,000	\$2,800,000
2019	Public Works Storage Facility (Jack Cogswell Facility)	14-May-18	35	\$3,503,000	\$35,000
2019	RTS Property Improvements	07-May-18	37	\$645,000	\$55,000
Total				\$56,456,000	\$41,315,635

FY2026 Debt Financed Capital Projects

There are four projects proposed for FY2026 to be funded by debt. Three projects are included in the 2025 Annual Town Meeting warrant. One is rehabilitation work by identifying and preventing infiltration and inflows into the sewer system at \$1,000,000, the second is for improvements to the young adult area of the public library at \$2,386,000, and the third is for construction and addition of a public works maintenance area at the Jack Cogswell Facility to relocate and improve the operability of the Public Works fleet division, at \$19,600,000. In October 2025 there is a planned Special Town Meeting which will include funding for the required work at the at-grade crossings to implement a Quiet Zone in Needham. The submitted request was for \$3,500,000 but as the feasibility and engineering work has progressed, we have assumed the request

may be higher, so we have increased the amount to \$4,500,000 for the purpose of this analysis. We have assumed that all projects will commence promptly, and all will result in debt service payments starting in FY2027. We have used an interest rate assumption for all four projects of 6.25%. The length of time that each project will have debt outstanding varies. The sewer I&I project would be financed over five years. The Town is exploring options to finance the sewer I&I work from state agencies such as the MWRA and MassDEP (SRF loan program), but for this analysis we assume a standard borrowing process. The library improvements would be for ten years as would the financing for the Quiet Zone project. The Public Works facility would be financed over 21 years. The Public Works project is anticipated to take 24 months to complete and would involve multiple bond issues during the construction of the facility. The sewer project debt would be repaid from sewer enterprise revenue, the library project and quiet zone debt would be repaid from General Fund receipts within the levy limit, and the debt on the public works phase I project would be repaid 90% from General Fund receipts within the levy limit, and 10% from enterprise fund receipts. The facility will service and maintain equipment and vehicles for all divisions of public work including the enterprise fund vehicles and hence the partial funding from the enterprise.

The table below shows the total debt to total revenue ratio (column A) and General Fund debt within the levy limit to General Fund revenue within the levy limit (column B) for projects already approved and those same measures in columns C and D including the proposed FY2026 capital projects. The table shows that neither the already approved projects nor including the four projects proposed for funding this year would result in either the three percent or ten percent debt service measures being exceeded, and that there is additional borrowing capacity. The peak year is the current year (FY2025) for the total debt service to total revenue at 8%. The measure for the General Fund within the levy limit is at 3% for FY2026 for the current projects previously approved, and this is also true when adding the four capital projects for FY2026. As would be anticipated, the FY2027 estimated debt ratio would increase from 2.2% (column B) to 2.9% (column D) with the additional projects for FY2026. The General Fund debt within the levy limit measure would then decline every year, showing that there would be added capacity for new projects.

Debt Service Ratios

Fiscal Year	Current		Plus FY2026 Capital		Fiscal Year	Current		Plus FY2026 Capital	
	A	B	C	D		A	B	C	D
	Total	GF	Total	GF		Total	GF	Total	GF

Pollard School Project

The Pollard School replacement project has been identified by the Needham Public Schools as a need that would be presented for consideration during calendar year 2026. Feasibility funding in the amount of \$2,750,000 was approved at the 2024 May Annual Town Meeting (Article 26) and the Town is currently partnering with the Massachusetts School Building Authority (MSBA) to determine program, size and location of the middle school. Funding for the design (\$31,526,000) and construction (\$279,639,000) of the Pollard School is anticipated for October 2026 (FY2027). The combined cost would be \$311,165,000 to be funded by excluded debt, less the share to be paid by MSBA which is assumed at \$62,233,000 or 20% of the total. A debt exclusion question is assumed to be presented to voters at the November 2026 State Election. The length of time that the design and construction would be ongoing would result in multiple bond issues. For the purposes of this plan, there would be three bond issues related to project with approximately 10% of the authorization in phase one, approximately 70% would be bonded for the next phase, and the last phase (the remaining 20%) would be bonded after the project is substantially completed. The assumed interest rate is 6.25%. The bond issues would be preceded by the issuance of notes which would result in payable debt service for as long as 33 years with the final debt payment being made in FY2060. For the purposes of this

Existing Excluded Debt and the Pollard Middle School

* Assumes single tax rate ASFH FY2025 \$1,464,398

analysis, we calculated the debt service with a 6.25% interest rate. Any year that the debt service is a Note rather than a bond the resulting debt service is likely to be less than shown. Please note that if the Town were to not move forward with the construction in a timely manner the length of borrowing for the design expense would be limited to five years, which would result in higher debt payments over the short term, but since construction bonds would not have been issued, the total debt service payable over the five years should not be as high. However, should the voters not approve an override, the design expense incurred may need to be repaid from the General Fund within the levy limit. This would negatively impact the

General Fund capital plan for the period that the debt cost would need to be carried within the levy limit. The estimated additional tax to be paid by the average single family home (based on the FY2025 average or \$1,464,398) would peak in FY2032 at \$2,040. The total with existing excluded debt and the Pollard School estimate would be \$2,558 for the year. The table on the previous page shows the estimated additional tax paid on an average single family home for the existing excluded debt and what the Pollard School project would add. The Pollard School amounts represent the Town's share for the project; the MSBA reimburses the Town for its share as the expenses are incurred and hence their share does not need to be borrowed. The estimates are based on a single tax rate. The Town currently has a split tax rate which means the tax rate is lower for residential property and higher for commercial property. A split tax rate would result in a lower impact on the residential taxpayer but a much higher impact on the commercial property owners.

The Pollard School project would be the most expensive capital project that the Town has ever undertaken, and its impact on the Town's debt budget is substantial. The table below shows the estimated annual debt service to revenue ratios which includes the current projects, the four proposed FY2026 projects, and the Pollard School. There is no allowance for other projects in the enterprise funds nor do the calculations include maintaining the annual General Fund debt service at the 3% policy, but rather only retires existing debt and has no allowance for new debt. Even with this significant scale back in capital investment, it is estimated that the Town would exceed ten percent of total revenue for five years.

Current, FY2026 Capital & Pollard School

Debt Ratios

Fiscal Year	Total Debt Service/Total Revenue	General Fund Debt Service General Fund Revenue Within the Levy Limit	Fiscal Year	Total Debt Service/Total Revenue	General Fund Debt Service General Fund Revenue Within the Levy Limit

Debt Exclusions

Proposition 2-1/2 sets a limit on how much a community may increase the tax levy without voter approval. There are three types of “Override” votes: general override, capital exclusion, and debt exclusion. A general override vote is for a set dollar amount, when the tax levy may be increased over the levy ceiling in a given year and become part of the base in the following year’s calculation. A capital exclusion override is a set dollar increase in the tax levy for one specific year for a capital project. The exclusion is not included in the calculation of the following year’s tax levy base calculation. The third type is a debt exclusion override which is the mechanism that is employed by the Town as part of its overall capital financing program. The debt exclusion is not a specific amount, nor a specific year, but rather the override is in effect to pay the annual debt service that was exempted by the voters until the debt is fully repaid.

A debt exclusion question may be presented to and approved by the voters before or after the related debt is authorized or issued. A debt exclusion approved after repayment of the debt has begun applies prospectively, i.e., to the remaining debt service payments owed on the obligation. A separate question may be presented for each borrowing, or multiple borrowings may be included within a single question. Only the Select Board can vote to put an override/exclusion question on the ballot, no other Town board or Town Meeting can place an override on the ballot. A debt exclusion override question requires a 2/3 vote of the Select Board to submit the question to the voters.

The Town of Needham has exempted debt from Proposition 2-1/2 for a number of projects since the 1980’s. The following facilities have been financed by exempt debt:

- Broadmeadow School; Eliot School; High Rock; Newman Preschool (2000)
- High Rock/Pollard School (2007)
- High School (1988) (2000) (2003) (2005)
- Land Purchases (1988) (2000)
- Landfill (1998)
- Library (2003)
- Williams Elementary School and related Land Purchases (2016)
- Newman School (1996) (2009)
- Public Safety Building; Police/Fire Headquarters; Fire Station #2 (1988) (2018)
- Pollard School (1992)
- Transfer Station (1988)

Estimated Debt Service including Identified Projects after 2026

Interest Rates

In this extended analysis, we have built the tables assuming three different interest rates of 5.50%, 6.25% and 7.00% for amounts already approved but not yet borrowed, the FY2026 capital projects and for all future projects identified to be bonded after 2026.

Revenue Assumptions

Similarly with the interest rate assumptions, where we calculated the annual debt service assuming a lower and higher rate of interest, we have also calculated the annual revenue growth at a lower rate of increase and a higher rate of increase in addition to the 4% annual growth rate used for the FY2026 capital projects analysis. The lower annual revenue growth rate is set at 2.5% and the higher growth rate is set at 5.5%. The annual recurring General Fund revenue growth rate for the past few years has been between 5.3% and

5.9%. Lower or higher recurring revenue growth rate affects the annual general fund debt service budget within the levy limit, impacting the ability to service the debt for projects that would be funded from that source. Higher revenue growth can lower the total debt to revenue ratios, and conversely a lower revenue growth can increase the total debt to revenue ratio.

The debt excluded revenue is assumed at the same amount as the exempted debt identified for payment in the fiscal year. The excluded debt revenue is property tax and any offsetting revenue. The following future projects are assumed to be presented for an exclusion vote: the Pollard School in 2026 and the Mitchell School in 2032.

CPA revenues are derived primarily from two sources: property tax surcharges and state aid matches. The CPA revenue estimates for the out years are built off the FY2026 estimate. We have also applied both a 2.5% and 5.5% CPA revenue growth rate to see the impact that would have on the total debt to total revenue measure.

We have maintained the same 2% annual increase assumption for both Sewer and Water Enterprise Funds which was used for the FY2026 capital projects analysis.

Allowances

In calculating debt service allowances, the following assumptions are built into the report. The General Fund debt within the levy limit allowance is equal to three percent of the General Fund recurring revenue. The years in which the total estimated General Fund within the levy limit debt service would be above the three percent limit would need to be addressed. Projects could be scheduled in a manner to apply the flexibility that was envisioned with the establishment of the Debt Service Stabilization Fund (DSSF). Those funds could be used to offset the debt service expense that would be paid from General Fund revenue within the levy limit so that the three percent policy is maintained. We have identified a funding source for the DSSF which is to appropriate the amount of Free Cash certified for the year that is over the amount certified in the prior fiscal year. The Town could also dedicate certain increased property tax revenue that may be generated from significant property redevelopment by annually appropriating the New Growth value that is derived from a project to the DSSF which too could paydown more principal in order to smooth out the impact of the financing of the capital project. An amount equal to the fee paid for the building permit for that project could also be directed to the Fund. Placing those monies into the DSSF requires Town Meeting approval, annually.

The debt service budget for both Sewer and Water Enterprise Funds are based on the estimated debt service for the projects identified to be funded in part or whole by debt. The Sewer Enterprise Fund debt budget for FY2026 is \$700,000 and based on the projects is expected to increase to nearly \$4 million under the 7.00% interest rate assumption by FY2033 and then begin to decline. Under the 5.5% interest rate assumption the peak year tops off at more than \$3.5 million. The report assumes the minimum annual sewer debt budget will be \$1,500,000 when the actual annual debt service drops below that amount. The Sewer Enterprise Fund debt budget used to be carried at \$1,500,000 per year as recently as FY2019, but was lowered over the past few years to a low of \$610,000 in FY2022. The decrease was due to projects not ready to move forward and hence funding at the higher amount was not needed. Likewise, we assume a minimum annual Water Enterprise Fund debt budget of \$1,550,000, the current budget for water debt is \$1,460,000, increasing to \$1,550,000 for FY2026. The Water Enterprise Fund debt budget used to be carried at \$1,550,000 per year but was decreased to the current \$1,250,000 in FY2020. Based on the two

projects that need to be funded, the water debt service budget increases to more than \$1.9 million in FY2028, under the 7.0% interest rate assumption and then begins to decline. Even under the 5.5% interest rate assumption, the peak year tops out at just under \$1.8 million.

This is to provide a sense of what the Town's debt position and annual debt service budget requirements may be to fund all the identified projects under multiple scenarios. As with the analysis of the FY2026 projects alone, this report assumes that all the current open debt authorizations will be fully expended and borrowed, except for the remaining borrowing authorization for the Jack Cogswell Facility and the Public Safety Buildings. The report includes all the capital proposed to be funded by debt in FY2026 - FY2030 Capital Improvement Plan (CIP) as well as those projects which were not identified in the current plan as Tier 1 capital, and hence were not proposed to be funded, but if they were to be funded, they could be financed by debt and hence their inclusion in the report. The report also includes the two major school projects under consideration, the Pollard Middle School and Mitchell Elementary School, and the multiple phase Public Works facilities replacement. The current public works facility at 470 Dedham Avenue and the Daley Building are planned for replacement which would occur in several phases over several years. Most of the projects are based on requestor's submitted timeline. However, the public works Phase II Design was pushed out by one year and the construction by two years. The sewer main replacement phase three was pushed out by a couple of years, and the sewer main replacement phase four was pushed out by three years. We adjusted the estimated budgets for all four projects accordingly.

Identified Future Capital Projects

Funding Year	TM	Project	Estimated Appropriation	Funded by Cash	Debt Authorization	Debt Group
2026	May-25	Infiltration and Inflow	\$1,000,000		\$1,000,000	Sewer Enterprise
2026	May-25	Library Renovation Young Adult Area	\$2,386,000		\$2,386,000	GF Within Levy
2026	May-25	Public Works Phase 1 Construction	\$19,600,000		\$19,600,000	GF Within Levy/ Enterprise 10%
2026	October-25	Quiet Zone Safety Upgrades	\$4,500,000		\$4,500,000	GF Within Levy
2027	May-26	Center at the Heights Upgrades	\$1,705,000		\$1,705,000	GF Within Levy
2027	May-26	Cooks Bridge Sewer Pump Station	\$3,859,000	\$359,000	\$3,500,000	Sewer Enterprise
2027	May-26	Public Works Phase 2 Design	\$2,496,000		\$2,496,000	GF Within Levy
2027	May-26	Water Supply Development	\$3,050,000		\$3,050,000	Water Enterprise
2027	October-26	Action Park & Pickleball Court	\$3,000,000		\$3,000,000	GF Within Levy
2027	October-26	Pollard Middle School Project	\$311,165,000	\$62,233,000	\$248,932,000	Excluded
2028	May-27	Fire Engine Aerial	\$2,167,951		\$2,167,951	GF Within Levy
2028	May-27	Library Renovation Children's Area	\$2,990,000		\$2,990,000	GF Within Levy
2028	May-27	Theatrical Lighting, Sound & Rigging Repairs High School	\$2,070,617		\$2,070,617	GF Within Levy
2029	May-28	Public Works Phase 2 Construction	\$21,560,000		\$21,560,000	GF Within Levy/ Enterprise 10%
2030	May-29	Fire Engine	\$1,540,393		\$1,540,393	GF Within Levy
2030	May-29	Library Renovation Circulation Area & Multipurpose Room	\$2,060,000		\$2,060,000	GF Within Levy
2030	May-29	Public Works Phase 3 Design	\$3,300,000		\$3,300,000	GF Within Levy
2030	May-29	Sewer Main Replacements Phase 3	\$15,400,000		\$15,400,000	Sewer Enterprise
2031	October-30	Public Works Phase 3 Construction	\$22,000,000		\$22,000,000	GF Within Levy
2032	May-31	Sewer Main Replacements Phase 4	\$6,900,000		\$6,900,000	Sewer Enterprise
2033	May-32	Mitchell School Design	\$2,659,000		\$2,659,000	Excluded
2035	May-34	Mitchell School Construction	\$148,752,000	\$29,750,400	\$119,001,600	Excluded

Project Cost and Timing Assumptions Including Future Year Projects

As with the existing projects and the FY2026 recommended projects, we have assumed that the project cost would not be more than the figures presented and that 100% of the appropriation would be necessary to complete the project. We assume that capital equipment purchases will take one year to complete. The major facility projects are assumed to take eighteen to twenty-four months unless otherwise stated and may require bond anticipation notes beyond two years which may increase the total length of time that debt would be outstanding. When the Town is involved in a large multi-year construction project it does not borrow all the funds at one time but rather borrows a sum to cover the payments due to the contractors for work expected to be completed over the upcoming six to twelve month period. Should a project take more than the estimated time, payments to the contractor would be delayed; hence the funds would not be borrowed as quickly. The effect would be less interest expense in the short run, but perhaps a longer repayment schedule.

The plan has twenty projects identified to be funded in whole or partially by debt. The table shows the projects included in this analysis that may be funded by fiscal year, the estimated appropriation amount and how much would be paid by cash, if any, and by debt. The table also shows the debt group (category) that the project would fall under. Seven projects proposed for debt financing are from the General Fund within the levy limit, four projects would be funded by the Sewer Enterprise Fund, and two projects would be funded by the Water Enterprise Fund. No project was identified for debt financing that would be paid from the Community Preservation Act (CPA) Fund.

General Fund Debt Service within the Levy Limit

In addition to the \$2,386,000 for improvements to the young adult area of the public library, the \$4,500,000 assumed for the Quiet Zone project, and the \$19,600,000 for the relocation and construction of a new fleet services facility at the Jack Cogswell Facility being sought at the May 2025 Town Meeting and October 2025 Special Town Meeting, there are several other projects for which funding is requested over the next five years which includes:

- There are more capital investments at the Library planned which includes improvements to the children's area, Rosemary circulation area and creation of a new multi-purpose room. Funding for the renovations to the children's area is projected for May 2027 Town Meeting (FY2028) in the amount of \$2,990,000. This would be financed over ten years and be paid by General Fund within the levy limit. The improvements to circulation area and creation of a new multi-purpose room would be presented at May 2029 Town Meeting (FY2030) in the amount of \$2,060,000 which would be financed over ten years.
- The Town is scheduled to replace two major fire vehicles within the next five years. The replacement of an aerial fire engine, at an estimated cost of \$2,167,951, would be brought to Town Meeting in May 2027 (FY2028). Another fire engine with an estimated cost of \$1,540,393 would be requested at the May 2029 Annual Town Meeting (FY2030). Both vehicles are assumed to be financed for five years. A general guideline is capital equipment that would be funded by debt with an approximate cost of \$1 million would be for a period of not more than four years (including notes and bonds) and equipment with an approximate cost of \$2 million or less would be for a period of not more than five years (including notes and bonds). In prior years when a fire engine has been identified for funding by debt, the amount of Free Cash available was at a sufficient level that the funding was changed from debt to cash. This is possibility for both vehicles and hence if not funded by debt reduces the total debt to be incurred. But for the purposes of this analysis, we assume both will be funded by debt.

- Funding for improvements at the Center at the Heights is anticipated for May 2026. The 2025 Annual Town Meeting has a cash funding request for the design to improve the Center at the Heights. The funding for the construction is anticipated for May 2026 Town Meeting in the amount of \$1,705,000. This would be financed over ten years and would be paid by the General Fund within the levy limit.
- There is a \$300,000 cash funding request from the CPA fund to design an action park and pickleball courts near the Claxon Field which will be presented to Town Meeting in May 2025. The construction cost is estimated at \$3,000,000 which would be funded by General Fund debt within the levy limit and presented for Town Meeting action in the fall of 2026 (FY2027). The financing period is assumed to be 10 years.
- The School Department has submitted funding request for Theatrical Lighting, Sound & Rigging Repairs at several schools. The request for the Newman School is being presented to Town Meeting in May 2025 and is to be funded by cash. The request for the Pollard School is on hold and may be part of the Pollard School replacement project that would be acted upon at the October 2026 Special Town Meeting. The final request is for the High School, which has an estimated cost of \$2,070,617 and would be present to the May 2027 (FY2028) Town Meeting. The bond for this project would be for five years.

Sewer Enterprise Debt Service

In addition to the \$1,000,000 funding request for work to identify and prevent infiltration and inflows into the sewer system being sought at the May 2025 Town Meeting there are several other sewer projects for which funding is requested over the next five years, including:

- The sewer main replacement in the Greendale Avenue and I-95 area (Phase III) has an estimated cost of \$14,000,000. The funding year request was for FY2028, but we anticipate the project will not be ready for funding until FY2030. We have adjusted the budget upward by 10% to reflect the two year delay for a total of \$15,400,000. The third phase involves the replacement of a section of the sewer interceptor outside of the limits of the I-95 shoulder sewer (5,400 linear feet). The project is anticipated to take two or more years to complete and would have several bond issues. Most of the financing is projected to be 25 years. The Town will pursue opportunities for the Commonwealth to participate in the financing of this project. If the Town qualifies and is approved by the State to finance a portion or the entire project through a state revolving fund program, the rate of interest could be meaningfully lower.
- The sewer main replacement also in the I-95 area (Phase IV) had a funding year request for FY2029, but we anticipate the project will not be ready for funding until FY2032. The request is assumed to be presented to Town Meeting in May 2031. The estimated budget for FY2029 was \$6,000,000. We have adjusted the budget upward by 15% to reflect the three year delay for a total of \$6,900,000. This phase involves additional line replacement for the remaining portion of the sewer interceptor. The limits of work for the fourth construction phase are from Kendrick Street back to I-95 (2,000 linear feet). There would be at least two bonds which would be issued for 20 to 25 years. The Town will explore the ability to finance a portion of the project from grants and external funding sources from state agencies such as the MWRA and MassDEP.
- There is an engineering appropriation request in the amount of \$195,000 to be acted upon at the May 2025 Town Meeting (FY2026) which would be funded from cash for the Cooks Bridge sewer pump station. The following year would have the construction appropriation request of \$3,859,000 for the Cooks Bridge sewer pump station presented to Town Meeting (FY2027). The current plan is that \$359,000 would be funded from cash and \$3,500,000 would be funded by debt. The project

would be financed over 20 years. Similarly, the Town will pursue opportunities for the Commonwealth to participate in the funding of this project.

Water Enterprise Debt Service

- The funding request for a water supply development project with an estimated cost of \$3,050,000 is assumed for the May 2026 Town Meeting (FY2027). The Town is authorized to withdraw up to an average of 2.63 million gallons of water per day. The Charles River Well Field currently has three wells operating when at full capacity. However, when one or more of the wells is taken offline, either due to routine maintenance or a failure, the Town uses MWRA water to compensate for the reduced production and to meet its daily demands. This project is assumed to be financed over 20 years through a combination of notes and bonds.

Public Works Facilities Investment Next Phases

Phase II would be to construct a new DPW facility at the upper level of 470 Dedham Avenue adjacent to the six bay garage, including a wash bay to clean and maintain Town vehicles and equipment. The facility would house the Highway, Parks & Forestry, and Water/Sewer/Drains Divisions, including the facilities needed for their daily operations. The funding for the design of phase two is assumed for the May 2026 Town Meeting at a cost of \$2,496,000. The borrowing would be done under the General Fund within the levy limit (the 3% policy). The length of time to borrow for design only authorization is five years, but, upon approval of a construction authorization, the financing for the design can be financed for a term like the construction bonds. However, for the purposes of this analysis we amortize the debt over five years only. If the construction is approved, the annual debt service for the design would decline. The construction authorization is assumed for May 2028 Town Meeting at a cost of \$21,560,000 which would be funded 90% from the General Fund within the levy limit and 10% from the enterprise fund. The project is anticipated to take 24 to 30 months to complete. The total repayment period would be 25 years and there would be at least two bond issues.

Phase III would include the demolition and reconstruction of the current 470 Dedham Avenue fleet storage building and the complete renovation of the Daley Building. The feasibility study design proposes the demolition of the existing structure at 470 Dedham Avenue and associated sheds, cleaning up the site, and constructing a new fleet storage garage. The new storage garage and canopy storage would be located adjacent to the Phase II structure with driveway improvements around the buildings. The proposed gut renovation of the Daley Building would require an enhanced energy efficient envelope, upgrades to the mechanical system for both heating and cooling, installation of automatic sprinklers, fire alarm, code compliant toilets, and added structural bracing. Temporary relocation of staff and storage to the Hillside Building would be necessary. The design and engineering funding request for \$3,300,000 is assumed for May 2029 Town Meeting. Just like the Phase II design, the bond duration is assumed for five years. The construction funding is estimated at \$22,000,000 that would be brought to Town Meeting in the fall of 2030. The project is expected to take 24 to 30 months to complete and would involve at least two bond issues financed by General Fund debt within the levy limit for a period of not more than 25 years.

Mitchell School

The Mitchell School replacement project has been identified as a need that will be presented for consideration during calendar year 2032, followed by construction in 2034. The feasibility and preliminary design funding would be in the amount of \$2,659,000, financed by debt excluded from the levy limit for a period of not more than five years. The design and construction costs would also be financed by debt

excluded from the levy limit. A debt exclusion vote under this scenario would be presented as early as April 2032. We have assumed a 20% MSBA reimbursement rate on construction funding. The MSBA would contribute \$29,750,400 with the balance funded by excluded debt. The length of time that construction would be ongoing would result in multiple bond issues, like the Pollard School project. For the purposes of this plan, there would be three bond issues with approximately 21% of the construction authorization in phase one, approximately 71% would be bonded for the next phase, and the last phase (the remaining 8%) would be bonded after the project is substantially completed. Each of the bond issues would be preceded by the issuance of notes which would result in payable debt service for as long as 25 to 30 years with a final debt payment being made in FY2066.

Overall Debt

Prior Years

The table below shows the debt service ratios for the Town during the prior 20 fiscal years (FY2005 - FY2024). The column labelled TDS/TR is the total debt service to total revenue debt ratio and the column labelled GFDS/GFR is the General Fund within the levy limit debt service to General Fund revenue within the levy limit debt ratio. The total debt service to total revenue has exceeded the 10% target for 13 of the 20 years with a high of 23.8% in FY2007. The FY2007 debt ratio was exceptionally high because the Town received a substantial reimbursement payment from the state for the High School HVAC project, and the Eliot School project, which was completed years earlier. The funds were used to pay down an additional \$13 million in debt for those debt excluded projects which lowered the annual debt payments going forward and reduced the amount that had to be raised on the tax levy. The total debt to total revenue high mark, excluding FY2007, was FY2006, when the ratio was 14%. The debt ratio would have remained closer to that level for several years had the Town not received and used the funds from the state to pay down the debt during FY2007. Even with the payment the debt ratio remained above 10% for another seven years, but not as high and not for as many years as was anticipated when the debt was incurred. The debt service ratio was above 10% again in FY2020 when the debt payments for the Public Safety building projects began, again this was expected when funding was approved for those projects. The peak year was then FY2021 with an 11.3% ratio. The ratio has been declining since. General Fund debt within the levy limit exceeded the policy once (FY2016) in 20 years which resulted from an additional appropriation approved at Town Meeting to pay down more debt that year.

20 Year Debt Service Ratios

Fiscal Year	TDS/TR %	GFDS/GFR %	Fiscal Year	TDS/TR %	GFDS/GFR %
2005	10.4%	2.8%	2015	10.0%	3.0%
2006	14.0%	2.8%	2016	9.5%	3.1%
2007	23.8%	2.7%	2017	8.8%	2.9%
2008	12.3%	2.7%	2018	9.1%	3.0%
2009	10.5%	2.8%	2019	9.8%	2.9%
2010	10.6%	2.8%	2020	10.8%	3.0%
2011	11.4%	2.9%	2021	11.3%	3.0%
2012	10.8%	3.0%	2022	10.6%	2.9%
2013	10.7%	2.9%	2023	9.8%	2.8%
2014	10.9%	3.0%	2024	8.3%	2.8%

Debt Outlook Future Years

The Town's total annual debt service has exceeded the 10% measure for several years but dropped below the 10% measure starting in FY2023 which was 9.8%, the following year it declined to 8.3%, then to 8.0% for the current year, and FY2026 is projected at 7.5%. The analysis shows that, based on the three revenue growth assumptions (2.5%, 4.0% and 5.5%), the cost estimate for the projects, and longer-term bonds, the estimated annual debt service will be or exceed 10% for several years regardless of whether the interest assumption is 5.50%, 6.25% or 7.00%. Similarly, the 3% allowance is projected to be exceeded between six to eight years depending on the scenario. The table on the next page shows the current and estimated overall debt to revenue ratio and the general fund within the levy limit ratio for the period between FY2026 and FY2046 (the complete table showing FY2026 through FY2067 is included in the appendices). In scenarios 1, 2, and 3, we peg the General Fund and CPA Fund annual revenue growth rate at 2.5%. As explained earlier, due to the volatility of utility receipts, we assume an annual revenue growth rate at two percent under every scenario. Scenario 1 assumes long term interest rates at 5.5%; scenario 2 assumes 6.25%, and scenario 3 uses a 7.00% long term interest rate. Under scenarios 4, 5, and 6 we assume a revenue growth rate of 4% annually with scenario 4 calculated with 5.5% interest rate, scenario 5 at 6.25%, and scenario 6 at 7.00%. The last three scenarios (7, 8, and 9) assume an annual revenue growth rate of 5.5%. Scenario 7 has a long term interest rate of 5.50%, scenario 8 has a 6.25% rate, and scenario 9 assumes a 7.00% long-term interest rate.

Review of the Charts and Tables Attachments

Open Authorizations Not Yet Issued

This chart lists the projects that have already been approved by Town Meeting but have not yet been closed out and have balances yet to be borrowed. The “Approved” column is the fiscal year that the project was approved. The “Project” column is the title of the approved project. The “Town Meeting” column shows the date of the Town Meeting that the project was funded. The “Art” column shows the article number which the project was voted. of the Town Meeting warrant that the project was indicates the fiscal year that the project would be funded. The “Authorized” column indicates the amount that was approved for borrowing. The “Balance” column indicates the amount of the original authorization that has yet to be borrowed.

Identified Future Capital Projects

This chart lists the projects that have yet to be approved by Town Meeting but have been identified for funding by debt in whole or partially during the next five years in the FY2026 – FY2030 Capital Improvement Plan and the three major building projects under consideration. The “Funding Year” column indicates the fiscal year that the project would be funded. The “TM” column indicates the Town Meeting that the project is assumed to be presented for funding. The “Project” column is the name assigned to the request. The “Estimated Appropriation” column indicates the submitted funding amount requested or the revised figure as explained under the project cost and timing assumption sections. The “Cash” column indicates the amount of cash, if any that would be used to fund the project. The column includes any MSBA reimbursement assumption. The “Debt” column indicates the amount of the appropriation which is proposed to be funded by debt. The “Debt Group” column indicates which debt category the project would fall under. The Town has five categories of debt. General Fund within the levy limit (GF Within Levy) which is the debt category that the three percent debt ratio is applicable. Debt excluded from the levy limit (Excluded) is the debt category which is funded by property taxes above the allowed levy for the fiscal year. Community Preservation Act Fund is the debt category that is funded by CPA revenues. There are no projects proposed for debt funding which would be paid by CPA receipts. The Emery Grover renovation project, which has already been approved by Town Meeting, includes \$4 million that will be financed by debt paid from the CPA fund. Sewer Enterprise Fund debt (Sewer Enterprise) is debt that is paid by sewer use rates and charges. Water Enterprise Fund debt (Water Enterprise) is debt that is paid by water use rates and charges. The five debt categories combined relate to the ten percent debt guideline.

Town of Needham Schedule of Outstanding Long Term Debt Service

This table shows the schedule of bonds currently outstanding and payable by fiscal year. The “Project” column is the name of the project. The “Amount Issued” column is the amount that was borrowed for that bond issue. The “Final Maturity” column shows the date of the last payment on the bond. The “Average Rate” column is the average coupon interest rate for the life of the bond. The “Debt Service” columns show the amount of debt to be paid by fiscal year. The debt service payments are inclusive of interest and principal. The last group of payments is due in FY2045.

Estimated Debt Service for Authorized Not Yet Issued

These tables show the assumed annual debt service for borrowings not yet done for projects that have previously been authorized by Town Meeting. There are three interest rate assumptions: 5.50%, 6.25%, and 7.00%. The “Project” column is the name of the project or type of debt. The “TM Vote” column is the Town Meeting which the borrowing authorization was approved. The “Amount” column is the estimated

amount to be borrowed for that that specific borrowing. The “Yrs^” column is the number of years the that the bond would be issued. However, the total length of time that payments are shown may be longer to account for temporary borrowing, which may be necessary. The “Rate*” column is the assumed interest rate. The year columns show the amount to be paid by fiscal year. The debt service payments are inclusive of interest and principal. The last payments would be due in FY2053.

Estimated Debt Service for Future Projects

These tables show the assumed amortization period for the debt that may be issued for projects which appear on the Identified Capital Projects chart. There are three assumed interest rates: 5.50%, 6.25%, and 7.00%. The number to the left of each line indicates the fiscal year that the proposed project would be approved. The “Project” column is the title of the project. The “TM Vote” column is the Town Meeting which the project is assumed to be presented for funding. The “Amount” column is the estimated amount to be borrowed for that specific borrowing. The “Yrs^” column is the number of years that the bond would be issued. However, the total length of time that payments are shown may be longer to account for temporary borrowing, which may be necessary. The “Rate*” column is the assumed interest rate. The year columns show the amount to be paid by fiscal year. The debt service payments are inclusive of interest and principal. The last payments would be due in FY2067.

Total Estimated Debt Service

These tables combine schedule of outstanding long term debt, estimated debt service for authorized not yet issued, estimated debt service for future projects, and for the General Fund within the levy limit, Sewer Enterprise Fund, and Water Enterprise Fund the additional debt service capacity (Additional Debt Service Capacity), if any, based on the allowances described earlier. The assumed interest rates are 5.50%, 6.25%, and 7.00%.

Estimated Revenue and Debt Ratios

These tables show the estimated revenue by fiscal year for each revenue category: Debt Within The Levy Limit (the total is identified as Line A); Debt Excluded from the Levy Limit (Line B); CPA Fund (Line C); Enterprise Funds - sewer and water receipts (Line D), and the total revenue which is the total of lines A through D (Line E). The total estimate debt service is shown on Line F which will be found on Line F of the Estimated Debt Service table. Line G is the calculation of the Total Estimated Debt Service divided by the Total Revenues (Line F divided by Line E). This is the line that relates to the 10% guideline. Line H is total of the General Fund Receipts (Line A). Line I is the General Fund debt paid within the levy limit. Those totals are also on the Total Estimated Debt Service table Line A at the top of the table. Line J is the calculation of the total General Fund debt within the levy limit divided by the total General Fund receipts within the levy limit (Line I divided by Line H). This is the line that relates to the 3% debt policy. Line K is the calculation of the combined debt service from Lines A+C+D+E from the Estimated Debt Service Table divided by the combined revenues of Lines A+C+D on the Estimated Revenue and Debt Ratios table. This shows the estimate debt ratio without excluded debt and excluded revenue. The table shows the totals and calculations for every fiscal year from FY2026 to FY2067. The assumed interest rates are 5.50%, 6.25%, and 7.00%. The General Fund within the levy limit and CPA Fund revenue growth rates are calculated at 2.5%, 4.0%, and 5.5%.

**Select Board
TOWN OF NEEDHAM
AGENDA FACT SHEET**

MEETING DATE: 4/22/2025

Agenda Item	Positions on Warrant Articles
Presenter(s)	Kate Fitzpatrick, Town Manager

1.	BRIEF DESCRIPTION OF TOPIC TO BE DISCUSSED
The Board will review articles on the Annual Town Meeting Warrant and the Special Town Meeting Warrant.	
2.	VOTE REQUIRED BY SELECT BOARD
Suggested Motion: That the Board vote to support (not to support) article _____ in the Annual Town Meeting Warrant and vote to support (not to support) article _____ in the Special Town Meeting Warrant.	
3.	BACK UP INFORMATION ATTACHED
a. Final Annual Town Meeting Warrant (under separate cover) b. May 12, 2024 Special Town Meeting Warrant c. Status of Articles as of April 17, 2025	

TOWN OF NEEDHAM

SPECIAL TOWN MEETING WARRANT

MONDAY, MAY 12, 2025

7:30 P.M.

JAMES HUGH POWERS HALL, NEEDHAM TOWN HALL

1471 HIGHLAND AVENUE

Additional information on particular warrant articles will be made available from time to time at www.needhamma.gov/townmeeting during the weeks leading up to the Special Town Meeting.

COMMONWEALTH OF MASSACHUSETTS

Norfolk, ss.

To either of the constables in the Town of Needham in said County, Greetings:

In the name of the Commonwealth of Massachusetts, you are hereby required to notify the qualified Town Meeting Members of the Town of Needham to meet in the Needham Town Hall on:

MONDAY, THE TWELFTH DAY OF MAY 2025

At seven thirty o'clock in the afternoon, then and there to act upon the following articles, viz.:

FINANCE ARTICLES

ARTICLE 1: APPROPRIATE FOR PUBLIC, EDUCATIONAL, AND GOVERNMENT (PEG) PROGRAMMING

To see if the Town will vote to raise and/or transfer and appropriate \$195,516 for the purpose of funding and supporting public, educational, and government (PEG) programming provided by the Needham Channel, to be spent under the direction of the Town Manager, and to meet this appropriation that said sum be transferred from the PEG Access and Cable Related Fund; or take any other action relative thereto.

INSERTED BY: Select Board

FINANCE COMMITTEE RECOMMENDS THAT: Article be Adopted

Article Information: The purpose of this article is to appropriate funds to make payments to the Needham Channel during the year. Included in every cable bill from the cable operators is a line item to provide for the costs of local cable television services. These monies are retained in a special revenue account (Public, Educational, and Governmental (PEG) Access and Cable Related Fund) created pursuant to the provisions of Massachusetts General Laws Chapter 44, section 53F¾ and approved at the May 8, 2023 Special Town Meeting under Article 10, and are to be used to support local cable programming for the Town's PEG channels. These funds will be used to continue these informational and educational services, which may include, but are not limited to, equipment purchases, contracted services, construction services, and labor expenses.

ARTICLE 2: APPROPRIATE FOR INTERSECTION IMPROVEMENTS

To see if the Town will vote to raise and/or transfer and appropriate the sum of \$30,000 for the purpose of funding intersection improvements at Kendrick Street and Fourth Avenue, to be spent under the direction of the Town Manager, and to meet this appropriation that said sum be transferred from Free Cash; or take any other action relative thereto.

INSERTED BY: Select Board

FINANCE COMMITTEE RECOMMENDS THAT: Article be Adopted

Article Information: The Planning Board issued a Major Site Plan Special Permit to Boston Children's Hospital for its development at 380 First Avenue. A condition contained in the permit requires a payment

of \$30,000 for the purposes of traffic mitigation as related to the construction of the project. The Department of Public Works identified a traffic issue to be remedied between Kendrick Avenue, Third Avenue, and the 128/I95 ramp. An article to address this issue was proposed at the October 30, 2023 Special Town Meeting, but was withdrawn. The reason for withdrawal was that the Department of Transportation (MassDOT), which has jurisdiction over that portion of the Kendrick Street roadway, did not approve the Town's proposal to change the pavement markings. An alternate project was identified which would restripe a section of Kendrick Street to make the intersection at 128/I95 clearer, but MassDOT decided to perform the marking improvements themselves and completed this work. The new proposal is to apply the \$30,000 payment from Children's Hospital to the design of a traffic signal to be installed at Kendrick Street and Fourth Avenue. Under the terms of the Special Permit, Children's Hospital has funded a feasibility study for the proposed signal with full design to be included in the Town's infrastructure program.

ARTICLE 3: AMEND THE FY2025 SEWER ENTERPRISE BUDGET

To see if the Town will vote to amend certain parts of the fiscal year 2025 Sewer Enterprise Fund Budget adopted under Article 14 of the May 2024 Annual Town Meeting, as amended under Article 4 of the October 21, 2024, Special Town Meeting, by deleting the amounts of money appropriated under some of the line items and appropriating new amounts as follows:

<u>Line Item</u>	<u>Appropriation</u>	<u>Changing From</u>	<u>Changing To</u>
201A	Salary & Wages	\$1,218,870	\$1,122,870
201B	Expenses	\$ 866,539	\$ 962,539

or take any other action relative thereto.

INSERTED BY: Select Board

FINANCE COMMITTEE RECOMMENDS THAT: Article be Adopted

Article Information: This article is to amend the current year Sewer Enterprise Fund budget by reducing the salary and wages appropriation by \$96,000 and increasing the expenses appropriation by \$96,000 for no net change to the overall budget. During the year, there were several vacancies in department which reduced the personnel expenses, but consequently the department needed to hire additional contractors to respond to emergency repairs and other standard services to which the staff could not respond. The transfer provides the funding to meet those expenses. The Sewer Department is now fully staffed.

ARTICLE 4: AMEND THE FY2025 WATER ENTERPRISE BUDGET

To see if the Town will vote to amend certain parts of the fiscal year 2025 Water Enterprise Fund Budget adopted under Article 15 of the May 2024 Annual Town Meeting, as amended under Article 5 of the October 21, 2024, Special Town Meeting, by deleting the amounts of money appropriated under some of the line items and appropriating new amounts as follows:

<u>Line Item</u>	<u>Appropriation</u>	<u>Changing From</u>	<u>Changing To</u>
301A	Salary & Wages	\$1,672,073	\$1,557,073
301B	Expenses	\$1,689,997	\$1,804,997

or take any other action relative thereto.

INSERTED BY: Select Board

FINANCE COMMITTEE RECOMMENDS THAT: Article be Adopted

***Article Information:** Similarly to the Sewer Enterprise Fund Budget article, this article is to amend the current year Water Enterprise Fund budget by reducing the salary and wages appropriation by \$115,000 and increasing the expenses appropriation by \$115,000 for no net change to the overall budget. There were several vacancies in department during the year and there are currently two new vacancies. The department hired additional contractors to respond to emergency repairs and to assist with other maintenance during the vacancies. The Department currently has a need for outside assistance to conduct backflow inspection work. The transfer provides the funding to meet those expenses for the balance of the fiscal year.*

ZONING ARTICLES

ARTICLE 5: AMEND ZONING BY-LAW – FLOOD PLAIN DISTRICT

To see if the Town will vote to amend the Needham Zoning By-Law as follows:

1. Delete Section 2.3.1 in its entirety and replace it with the following:

2.3.1

All special flood hazard areas within the Town of Needham designated as Zone A, AE, or AH on the Norfolk County Flood Insurance Rate Map (FIRM) issued by the Federal Emergency Management Agency (FEMA) for the administration of the National Flood Insurance Program. The map panels of the Norfolk County FIRM that are wholly or partially within the Town of Needham are panel numbers 25021C0016F, 25021C0017F, 25021C0018F, 25021C0019F, 25021C0028F, 25021C0036F, 25021C0037F, 25021C0038F and 25021C0039F dated July 8, 2025. The exact boundaries of the District may be defined by the 100-year base flood elevations shown on the FIRM and further defined by the Norfolk County Flood Insurance Study (FIS) report dated July 8, 2025. The FIRM and FIS report are incorporated herein by reference and are on file with the Town Clerk, Planning Board, Building Official, Conservation Commission and Engineering Division.

2. Delete Section 3.3 Uses in the Flood Plain District in its entirety and replace it with the following:

3.3 Uses in the Flood Plain District

The purpose of the Flood Plain District is to:

- (a) Protect the streams, rivers, and other watercourses in the Town and their adjoining lands;

- (b) Protect the health and safety of persons and property against the hazards of flooding;
- (c) Preserve and maintain the ground water table for water supply purposes;
- (d) Protect the community against detrimental use and development of lands adjoining such water courses;
- (e) Conserve the watershed areas of the Town for the health, safety, welfare of the public;
- (f) Preserve the balance of the components of the ecosystem of the watercourses and adjoining land;
- (g) Ensure public safety through reducing the threats to life and personal injury;
- (h) Eliminate new hazards to emergency response officials;
- (i) Prevent the occurrence of public emergencies resulting from water quality, contamination, and pollution due to flooding;
- (j) Avoid the loss of utility services which if damaged by flooding would disrupt or shut down the utility network and impact regions of the community beyond the site of flooding;
- (k) Eliminate costs associated with the response and cleanup of flooding Conditions; and
- (l) Reduce damage to public and private property resulting from flooding waters.

The Flood Plain District shall be considered as overlying other use districts established by this By-Law. Within the Flood Plain District, the requirements of the underlying district continue to apply insofar as they comply with the provisions of this section. In the event there is a conflict or difference between the provisions of the overlying and underlying district the more restrictive shall apply. Compliance with these provisions shall not be construed as satisfying the provisions of Massachusetts General Laws Chapter 131. The flood plain management regulations found in this Flood Plain District section shall take precedence over any less restrictive conflicting local laws, rules or regulations.

3. Insert a new Section 3.3.1 to read as follows:

3.3.1 Designation of Town Floodplain Administrator

The Town hereby designates the position of Town Engineer to be the official floodplain administrator of the Town.

4. Insert a new Section 3.3.2 to read as follows:

3.3.2 Definitions Applicable in Flood Plain District

The following definitions shall be applicable in the Flood Plain District.

Development – means any man-made change to improved or unimproved real estate, including but not limited to buildings or other structures, mining, dredging, filling, grading, paving, excavation or drilling operations or storage of equipment or materials.

Floodway – the channel of the river, creek or other watercourse and the adjacent land areas that must be reserved in order to discharge the base flood without cumulatively increasing the water surface elevation more than a designated height.

Functionally Dependent Use – means a use which cannot perform its intended purpose unless it is located or carried out in close proximity to water. The term includes only docking facilities, port facilities that are necessary for the loading and unloading of cargo or passengers, and ship building and ship repair facilities, but does not include long-term storage or related manufacturing facilities.

Highest Adjacent Grade – means the highest natural elevation of the ground surface prior to construction next to the proposed walls of a structure.

Historic Structure – means any structure that is:

- (a) Listed individually in the National Register of Historic Places (a listing maintained by the Department of Interior) or preliminarily determined by the Secretary of the Interior as meeting the requirements for individual listing on the National Register;
- (b) Certified or preliminarily determined by the Secretary of the Interior as contributing to the historical significance of a registered historic district or a district preliminarily determined by the Secretary to qualify as a registered historic district;
- (c) Individually listed on a state inventory of historic places in states with historic preservation programs which have been approved by the Secretary of the Interior; or
- (d) Individually listed on a local inventory of historic places in communities with historic preservation programs that have been certified either:
 - (1) By an approved state program as determined by the Secretary of the Interior or
 - (2) Directly by the Secretary of the Interior in states without approved programs.

New Construction – Structures for which the start of construction commenced on or after the effective date of the first flood plain management by-law adopted by the Town, including any subsequent improvements to such structures. *New construction includes work determined to be substantial improvement.*

Recreational Vehicle – means a vehicle which is:

- (a) Built on a single chassis;
- (b) 400 square feet or less when measured at the largest horizontal projection;
- (c) Designed to be self-propelled or permanently towable by a light duty truck; and
- (d) Designed primarily not for use as a permanent dwelling but as temporary living quarters for recreational, camping, travel, or seasonal use.

Special Flood Hazard Area – the land area subject to flood hazards and shown on a Flood Insurance Rate Map or other flood hazard map as Zone A, AE, A1-30, A99, AR, AO, AH, V, VO, VE or V1-30.

Start of Construction – the date of issuance for new construction and substantial improvements to existing structures, provided the actual start of construction, repair, reconstruction, rehabilitation, addition, placement or other improvement is within 180 days after the date of issuance. The actual start of construction means the first placement of permanent construction of a building (including a manufactured home) on a site, such as the pouring of a slab or footings, installation of pilings or construction of columns.

Permanent construction does not include land preparation (such as clearing, excavation, grading or filling), the installation of streets or walkways, excavation for a basement, footings, piers or foundations, the erection of temporary forms or the installation of accessory buildings such as

garages or sheds not occupied as dwelling units or not part of the main building. For a substantial improvement, the actual “start of construction” means the first alteration of any wall, ceiling, floor or other structural part of a building, whether or not that alteration affects the external dimensions of the building.

Structure – means, for floodplain management purposes, a walled and roofed building, including a gas or liquid storage tank, that is principally above ground, as well as a manufactured home.

Substantial Repair of a Foundation – when work to repair or replace a foundation results in the repair or replacement of a portion of the foundation with a perimeter along the base of the foundation that equals or exceeds 50% of the perimeter of the base of the foundation measured in linear feet, or repair or replacement of 50% of the piles, columns or piers of a pile, column or pier supported foundation, the building official shall determine it to be substantial repair of a foundation. Applications determined by the building official to constitute substantial repair of a foundation shall require all existing portions of the entire building or structure to meet the requirements of 780 CMR.

Variance – means a grant of relief by the Town from the terms of a flood plain management regulation.

Violation – means the failure of a structure or other development to be fully compliant with the community's flood plain management regulations. A structure or other development without the elevation certificate, other certifications, or other evidence of compliance required in US Code of Federal Regulations, Title 44, §60.3 is presumed to be in violation until such time as that documentation is provided.

5. Delete Section 3.3.3 Uses Requiring A Special Permit and insert in its place the following:

3.3.3 Special Permit Required for all Proposed Development in Flood Plain District

A special permit from the Board of Appeals is required for:

- (a) All proposed construction or other development in the Flood Plain District, including new construction or changes to existing buildings, placement of manufactured homes, placement of agricultural facilities, fences, sheds, storage facilities or drilling, mining, paving and any other development that might increase flooding or adversely impact flood risks to other properties.
- (b) Any driveway and walkway ancillary to uses otherwise permitted by this section.
- (c) Tennis courts or other uses requiring a similarly prepared surface.
- (d) Water and sewer pumping stations.
- (e) Any use not expressly permitted or prohibited.
- (f) Swimming pools, together with structures, walkways, mechanical systems accessory thereto, and fences.
- (g) Any use permitted in the underlying district in which the land is situated, subject to the same use and development restrictions as may otherwise apply thereto, provided that the land designated as being within the Flood Plain District is found by the Board of Appeals not, in

fact, to be subject to flooding. The Board of Appeals shall refer each question on this matter to the Planning Board, Conservation Commission, Board of Health, and Department of Public Works, and shall not act until these agencies have reported their recommendations or 45 days have elapsed after such referral and no report has been received.

6. Delete the introductory paragraph of Section 3.3.4 Special Permit Criteria and replace it with the following:

The Town's special permit review process includes the requirement that the proponent obtain all local, state and federal permits that will be necessary in order to carry out the proposed development in the Flood Plain District. The proponent must acquire all necessary permits, and must demonstrate that all necessary permits have been acquired.

In addition, in granting a special permit, the Board of Appeals shall consider, among other factors, the following:

7. Amend the date of the Norfolk County Flood Insurance Rate Map (FIRM) in Section 3.3.5(c) from July 17, 2012 to July 8, 2025, so that this section reads as follows:

(c) Base flood elevation data shall be provided for subdivision proposals or other developments of greater than 50 lots or 5 acres, within unnumbered A zones, as shown on the Norfolk County Flood Insurance Rate Map (FIRM) dated July 8, 2025.

8. Amend the date of the Norfolk County Flood Insurance Rate Map (FIRM), Floodway Map, and Flood Insurance Study in Section 3.3.5(d) from July 17, 2012 to July 8, 2025, so that this section reads as follows:

(d) Within areas designated Zone A, AH, and AE, along watercourses that have not had a regulatory floodway designated, as shown on the Norfolk County Flood Insurance Rate Map (FIRM), Floodway Map, and Flood Insurance Study, dated July 8, 2025, the best available Federal, State, local or other floodway data shall be used to prohibit encroachments in floodways which would result in any increase in flood levels within the community during the occurrence of the base flood discharge.

9. Insert in Section 3.3.5 General Provisions Relating to Flood Plain District the following new subsections to read as follows:

(f) In A Zones, in the absence of FEMA BFE data and floodway data, the Building Department will obtain, review and reasonably utilize base flood elevation and floodway data available from a Federal, State, or other source as criteria for requiring new construction, substantial improvements, or other development in Zone A and as the basis for elevating residential structures to or above base flood level, for floodproofing or elevating nonresidential structures to or above base flood level, and for prohibiting encroachments in floodways.

(g) In A, AE and AH Zones, all recreational vehicles to be placed on a site must be elevated and anchored in accordance with the zone's regulations for foundation and elevation requirements or be on the site for less than 180 consecutive days or be fully licensed and highway ready.

(h) If the Town acquires data that changes the base flood elevation in the FEMA mapped Special Flood Hazard Areas, the Town will, within 6 months, notify FEMA of these changes by

submitting the technical or scientific data that supports the change(s). Notification shall be submitted to:

- NFIP State Coordinator
Massachusetts Department of Conservation and Recreation

- NFIP Program Specialist
Federal Emergency Management Agency, Region I

- (i) The Town will request from the State Building Code Appeals Board a written and/or audible copy of the portion of the hearing related to any variance, and will maintain this record in its files. The Town shall also issue a letter to the property owner regarding potential impacts to the annual premiums for the flood insurance policy covering that property, in writing over the signature of a Town official that (i) the issuance of a variance to construct a structure below the base flood level will result in increased premium rates for flood insurance up to amounts as high as \$25 for \$100 of insurance coverage and (ii) such construction below the base flood level increases risks to life and property. Such notification shall be maintained with the record of all variance actions for the referenced development in the Flood Plain District.

10. Amend the date of the Norfolk County Flood Insurance Rate Map (FIRM) and Flood Insurance Study in the first paragraph of Section 3.3.6 from July 17, 2012 to July 8, 2025, so that this paragraph reads as follows:

Reference is hereby made to the Norfolk County Flood Insurance Rate Map (FIRM) and Flood Insurance Study dated July 8, 2025—both of which are on file in the office of the Town Clerk, Planning Board, Building Official, Conservation Commission and Engineering Department. In granting special permits authorized above under Subsections 3.3.3 and 3.3.4, the Board of Appeals shall, as appropriate, require the following as conditions of approval:

11. Delete Section 3.3.6(c) and insert in its place the following:

- (c) In a riverine situation, the Town Engineer shall notify the following of any alteration or relocation of a watercourse:

- Adjacent Communities, especially upstream and downstream
- Bordering States, if affected
- NFIP State Coordinator
Massachusetts Department of Conservation and Recreation
- NFIP Program Specialist
Federal Emergency Management Agency, Region I

12. Insert new Section 3.3.7 to read as follows:

3.3.7 Variances

A variance from this Flood Plain District By-law must meet all requirements set out by Massachusetts law, and may only be granted if: 1) Good and sufficient cause and exceptional non-financial hardship exist; 2) the variance will not result in additional threats to public safety, extraordinary public expense, or fraud or victimization of the public; and 3) the variance is the minimum action necessary to afford relief.

13. Insert a new Section 3.3.8. to read as follows:

3.3.8 Disclaimer

The degree of flood protection required by this By-law is considered reasonable but does not imply total flood protection.

14. Re-number all sections within Section 3.3 in appropriate numerical order to account for the insertion of new Sections 3.3.1 and 3.3.2 as provided for above.

or take any other action relative thereto.

INSERTED BY: Planning Board

FINANCE COMMITTEE RECOMMENDS THAT: No Position Taken

Article Information: This article amends the flood plain district to reference the new Norfolk County Flood Insurance Rate Maps which become effective July 8, 2025. Additionally, the article updates Needham's flood plain zoning regulations to assure compliance with mandatory National Flood Insurance Program (NFIP) requirements. The NFIP requirements contained in this article are not new and have been in place under the NFIP for decades. However, for various reasons, Massachusetts communities have not previously been required to adopt all the NFIP requirements; so this is a sort of "catching up" to bring all of Massachusetts communities into compliance. Moving forward the Federal Emergency Management Agency (FEMA) will no longer accept local by-laws that are lacking these mandatory NFIP requirements. The specific provisions FEMA has required as contained in this article are as follow: (1) A statement of program purpose; (2) The designation of a Community Flood Plain Administer; (3) Inclusion of the required National Flood Insurance Program definitions;(4)A special permit requirement for all proposed construction in the flood plain district, including new construction or changes to existing buildings, placement of manufactured homes, placement of agricultural facilities, fences, sheds, storage facilities or drilling, mining, paving and any other development that might increase flooding or adversely impact flood risks to other properties;(5) Establishment of floodway encroachment standards along watercourses that have not had a regulatory floodway designation; (6) Elevation and anchorage standards for recreational vehicles to be placed on a site for 180 days or more; (7) An assurance statement that all state and federal permits required for a project have been obtained; (8) Town submittal of new technical data to FEMA, within 6 months, of changes in the base flood elevation so insurance and floodplain management can be updated to current data; (9) Notification requirements for variances to building code floodplain standards so that the affected property owner understands the associated increased insurance rate; (10) Notification requirements for watercourse alterations or relocations in the riverine area so that affected parties have advance notice of flood plain alterations and potential flood risk; (11) Establishment of required local flood plain zoning by-law variance standards to maintain NFIP compliance; and (12) Inclusion of a disclaimer of liability statement so that it is clear the degree of flood protection required by the by-law does not imply total flood protection.

For residents of a community to be eligible to receive flood insurance, the community must agree to abide by the National Flood Insurance Program's minimum requirements for flood plain management. These modifications have been prepared to ensure compliance with the requirements of that program. Failure to adopt these revisions will result in Needham's suspension from the National Flood Insurance Program.

ARTICLE 6: **AMEND ZONING BY-LAW – MAP CHANGE TO FLOOD PLAIN DISTRICT**

To see if the Town will vote to amend the Needham Zoning By-Law by amending the Zoning Map to revise the boundaries of the Flood Plain District so that the District now comprises the following:

- (a) All special flood hazard areas within the Town of Needham designated as Zone A, AE, or AH on the Norfolk County Flood Insurance Rate Map (FIRM) issued by the Federal Emergency Management Agency (FEMA) for the administration of the National Flood Insurance Program. The map panels of the Norfolk County FIRM that are wholly or partially within the Town of Needham are panel numbers 25021C0016F, 25021C0017F, 25021C0018F, 25021C0019F, 25021C0028F, 25021C0036F, 25021C0037F, 25021C0038F, and 25021C0039F dated July 8, 2025. The exact boundaries of the District may be defined by the 100-year base flood elevations shown on the FIRM and further defined by the Norfolk County Flood Insurance Study (FIS) report dated July 8, 2025.
- (b) All that land along or sloping toward that portion of Rosemary Brook between Rosemary Lake and Central Avenue that is at or below the following elevations: (i) Ninety (90) feet above mean sea level upstream of West Street; and (ii) Eighty-eight (88) feet above mean sea level between West Street and Central Avenue.
- (c) All that land along or sloping toward that portion of Rosemary Brook between Central Avenue and the Needham-Wellesley town line that is at or below an elevation of eighty-five (85) feet above mean sea level.

Or take any other action relative thereto.

INSERTED BY: Planning Board

FINANCE COMMITTEE RECOMMENDS THAT: No Position Taken

Article Information: This article describes the geographical boundary of the Town's flood plain zoning district as it will be reflected on a revised zoning map. Said area comprises the geographical area that the Federal Emergency Management Agency (FEMA) has defined as having a 1% chance of flooding in a given year. The exact boundaries of the District are defined by the 100-year base flood elevations shown on the Norfolk County Flood Insurance Rate Map (FIRM) and further defined by the Norfolk County Flood Insurance Study (FIS) report dated July 8, 2025.

GENERAL ARTICLES

ARTICLE 7: **TOWN HALL SATURDAY HOURS**

To see if the Town will vote to rescind its vote under Article 36 of the May 1, 2023 Annual Town Meeting that Town Hall remain closed on Saturdays; or take any other action relative thereto.

INSERTED BY: Select Board

FINANCE COMMITTEE RECOMMENDS THAT: No Position Taken

Article Information: The 2023 Annual Town Meeting voted pursuant to Massachusetts General Law Chapter 41, Section 110A that Town Hall would be deemed closed on Saturdays, which had the effect of

moving the last day of voter registration for Town elections from a Saturday to a Friday. Since the Town is required to remain open on Saturday for State and Federal elections, the Town Clerk has determined that allowing voter registration for Town elections on Saturday as appropriate will reduce potential confusion.

**ARTICLE 8: ACCEPT THE PROVISIONS OF M.G.L. CHAPTER 59 SECTION 5K –
PROPERTY TAX PROGRAM FOR PEOPLE OVER THE AGE OF 60**

To see if the Town will vote to accept the provisions of M.G.L. Chapter 59, Section 5K, to allow the Select Board to establish a program for persons over 60 to volunteer to provide services to the Town in exchange for a reduction of their real property tax obligations; to allow, for qualifying persons physically unable to provide such services, that an approved representative may provide the services in their stead; to allow for the maximum reduction of the real property tax bill to be based on 125 volunteer service hours in a given tax year; and to provide that this program will first be available in FY2026; or take any other action relative thereto.

INSERTED BY: Select Board

FINANCE COMMITTEE RECOMMENDS THAT: Article be Adopted

Article Information: This article would establish a property tax work-off program for residents over sixty years of age as authorized by Massachusetts General Law Chapter 59, Section 5K. This program would replace the current Senior Corps program and be administered as a functionally unified program with the veterans property tax work-off program proposed under Article 9. The two proposed programs will offer the same level of benefits to their respective qualifying residents.

**ARTICLE 9: ACCEPT THE PROVISIONS OF M.G.L. CHAPTER 59 SECTION 5N –
PROPERTY TAX PROGRAM FOR VETERANS**

To see if the Town will vote to adjust the exemption provided for in M.G.L. Chapter 59, Section 5N, which allows the Select Board to establish a program for veterans and spouses of veterans that are deceased or have service-connected disabilities to volunteer to provide services to the Town in exchange for a reduction of their real property tax obligations, to allow for persons physically unable to provide such services to have an approved representative provide the services in their stead; to allow for the maximum reduction of the real property tax bill to be based on 125 volunteer service hours in a given tax year; and to provide that said the program with these adjustments will first be available in FY2026; or take any other action relative thereto.

INSERTED BY: Select Board

FINANCE COMMITTEE RECOMMENDS THAT: Article be Adopted

Article Information: This article would amend a previously approved, but to-date unlaunched, property tax work-off program for veterans as authorized by of Massachusetts General Law Chapter 59, Section 5N. Certain provisions of Massachusetts General Law Chapter 59, Section 5N were adopted by the 2014 Annual Town Meeting. Since adoption, the law has been amended by the General Court to raise the amount of benefits provided by the statute. Town Meeting must approve said expansion. The proposed program would match the benefits of the proposed property tax work off program for those over sixty years old noted under Article 8 and would be administered as a functionally unified program.

ARTICLE 10: **AMEND GENERAL BY-LAWS – REVOLVING FUNDS**

To see if the Town will vote to amend the General Bylaws by inserting a new Section 2.2.7.5.12 – Energy Efficiency and Clean Energy Capital Program Revolving Fund as follows:

“2.2.7.5.12 Energy Efficiency and Clean Energy Capital Program Revolving Fund

Fund Name: There shall be a separate fund called the Energy Efficiency and Clean Energy Capital Program Revolving Fund authorized for use by the Department of Public Works.

Revenues: The Town Accountant shall establish the Energy Efficiency and Clean Energy Capital Program Revolving Fund as a separate account and credit to the fund all of the receipts from State, Federal, and utility energy efficiency, renewable energy and electrification rebates, incentives, and tax credits.

Purposes and Expenditures: The Town Manager may expend on an annual basis and up to the spending limit authorized by Town Meeting for the purposes of funding capital projects related to energy efficiency, renewable energy, and electrification.

Fiscal Years: The Energy Efficiency and Clean Energy Capital Program Revolving Fund shall operate for fiscal years that begin on or after July 1, 2026.”

INSERTED BY: Select Board

FINANCE COMMITTEE RECOMMENDS THAT: Recommendation to be Made at Town Meeting

Article Information: Massachusetts General Law Chapter 44 §53E ½ allows the Town to establish municipal revolving funds. A revolving fund separately accounts for specific revenues and earmarks them for expenditure for particular purposes to support the activity, program, or service that generated the revenues. The objective of the proposed revolving fund is to allow the Town to use funds received from state, federal, and utility programs for completing qualifying energy efficiency and clean energy capital projects to help pay for future energy efficiency and clean energy capital projects. The Town of Needham’s Climate Action Roadmap established a goal for the Town to achieve net zero emissions by 2050, which will require investments in infrastructure that will result in energy and emissions reductions. These projects are expected to qualify for payments from state, federal, and utility programs, and the Town may use these payments to reinvest in the completion of future energy efficiency and clean energy capital projects. This will help ensure capital is available for future energy efficiency and clean energy projects and enable the Town to continue to benefit from long-term cost savings from these projects.

ARTICLE 11: **AMEND GENERAL BY-LAWS – PLASTIC FOOD AND BEVERAGE SERVICEWARE AND SINGLE-USE ITEMS**

To see if the Town will vote to amend the General By-laws by:

1. Adding a new Section 3.13 to read as follows:

SECTION 3.13 PROHIBITED USE AND DISTRIBUTION OF CERTAIN FOOD AND BEVERAGE SERVICEWARE AND SINGLE-USE ITEMS (AKA SKIP-THE-STUFF)

3.13.1 Definitions.

- a) “Accessories” means any food and beverage serviceware items that are not dishware and containers. The term “accessories” as used in this section includes, but is not limited to, straws, forks, spoons, knives, chopsticks, stirrers, splash guards, cocktail sticks, toothpicks, condiment packages, and napkins.
- b) “Condiment” means a single-use packet containing relishes, spices, sauces, confections, or seasonings, that requires no additional preparation, and that is used with food or beverages, including, but not limited to, ketchup, mustard, mayonnaise, soy sauce, sauerkraut, salsa, syrup, jam, jelly, butter, salad dressings, salt, sugar, sugar substitutes, pepper, and chili pepper.
- c) “Food or Beverage Establishment” means an operation that stores, prepares, packages, serves, vends, distributes, or otherwise provides food or beverages for human consumption, including but not limited to any establishment requiring a permit to operate in accordance with the Massachusetts Retail Food Code, 105 CMR 590, as it may be amended from time to time.
- d) “Food and Beverage Serviceware” means all containers, bowls, plates, trays, cartons, cups, lids, on or in which prepared foods and beverages are packaged or directly placed. It also includes forks, knives, spoons, and other utensils that are used to serve or eat prepared foods or beverages.
- e) “Full Service Food Establishment” means a food establishment where customers are seated at a table either by waitstaff or by themselves, and where orders are taken and served by waitstaff at the table.
- f) “Online Food Ordering Platform” means the digital technology provided on a website or mobile application through which a consumer can place an order for pick-up or delivery of Prepared Food. Such platforms include those operated directly by a Food Establishment, by companies that provide delivery of Prepared Meals to consumers, and by online food ordering systems that connect consumers to a Food Establishment directly.
- g) "Retail Sales Establishment" shall mean any business facility that sells goods directly to the consumer whether for or not for profit in the Town of Needham including, but not limited to retail stores, wholesale suppliers, restaurants, pharmacies, food or ice cream trucks, private membership clubs, convenience stores, grocery stores, supermarkets, liquor stores, seasonal and temporary businesses.
- h) “Reusable” refers to food and beverage service ware that will be used multiple times in the same form by a food establishment. Such products are intended to be washed multiple times in a commercial dishwasher and to retain their form and function over multiple usage and washing cycles.
- i) “Single Item Dispenser” means bulk dispensers that only dispense one item at a time.
- j) “Single-use” means food and beverage serviceware that
 - 1) is not reusable,
 - 2) is designed to be used once and then discarded, or
 - 3) is not designed for repeated use and sanitizing.

3.13.2 Regulated Conduct.

1. Food, Beverage, or Retail Sales Establishments may not automatically provide Single-use Accessories, including in takeout orders, whether orders are placed online, via phone, or in person.

Single-use Accessories may be provided only upon the request of the consumer either directly or in response to an inquiry by the food establishment. Single-use Accessories, including plastic forks, spoons and knives, may not be wrapped in plastic or offered as bundled sets. Food, Beverage or Retail Sales Establishments may have Single-use Accessories available at self-service stations. The self-service station may include a Single Item Dispenser.

2. Online Food Ordering Platforms must provide Food, Beverage or Retail Sales Establishments with a method to list each Single-Use Accessory and Condiment that is offered by the Food, Beverage, or Retail Sales Establishment, such that customers can specifically request the Single-Use Accessories and Condiments that they wish to have included with their order.

If Online Food Ordering Platforms are unable to provide Food, Beverage or Retail Sales Establishments with a method to list each Single-Use Accessory and Condiment that is offered by the Food, Beverage or Retail Establishment such that customers can specifically request the Single-Use Accessory and Condiment that they wish to have included with their order, then the default will be set to exclude all Single-Use Accessories and Condiments from the order. Customers may request Single-Use Accessories and Condiments at the time of pick-up, or Food, Beverage or Retail Sales Establishments may provide self-service stations.

3. Full Service Food Establishments shall utilize only Reusable Food and Beverage Serviceware for dine-in customers.

3.13.3 Effective Date. This by-law shall take effect on January 1, 2026.

3.13.4 Regulations. The Needham Public Health Department may adopt and amend rules and regulations to effectuate the purposes of this by-law.

3.13.5 Severability. Each separate provision of this section shall be deemed independent of all other provisions herein, and if any provision of this section be declared to be invalid by the Attorney General or a court of competent jurisdiction, the remaining provisions of this section shall remain valid and enforceable.

and

2. Amending Section 8.2.2 (Non-Criminal Disposition) by inserting a new row in the table, in appropriate numerical order, to read as follows:

3.13	Prohibited Use and Distribution of Certain Food and Beverage Serviceware and Single-use Plastic Items (AKA Skip-the-Stuff)	\$100	Per Day	Director of Health and Human Services or Designee
------	--	-------	---------	---

or take any other action relative thereto.

INSERTED BY: Select Board

FINANCE COMMITTEE RECOMMENDS THAT: Article be Adopted

Article Information: This article would prohibit food, beverage, or retail sales establishments from automatically providing single-use accessories, including in takeout orders.

ARTICLE 12: AMEND GENERAL BY-LAWS – BLACK PLASTIC KITCHENWARE

To see if the Town will vote to amend the General By-laws by:

1. Adding a new Section 3.14 to read as follows:

SECTION 3.14 BLACK PLASTIC KITCHENWARE

3.14.1 Definitions.

- a) “Dishware and Containers” means all containers, bowls, plates, trays, cartons, cups, condiments/sauce cups, lids, film wrap and other items on or in which prepared foods and beverages are packaged or directly placed.
- b) "Flatware" refers to forks, spoons, knives, and serving utensils. This includes, but is not limited to, larger spoons, forks, and tongs that retailers or consumers may use to serve prepared foods.
- c) “Food or Beverage Establishment” means an operation that stores, prepares, packages, serves, vends, distributes, or otherwise provides food or beverages for human consumption, including but not limited to any establishment requiring a permit to operate in accordance with the Massachusetts Retail Food Code, 105 CMR 590, as it may be amended from time to time.
- d) “Prepared Food” means any food or beverages, which are served, packaged, cooked, chopped, sliced, mixed, brewed, frozen, squeezed or otherwise prepared on the premises where the food or beverages are to be served, sold or otherwise provided to a consumer. For the purposes of this bylaw, prepared food does not include food packaged outside of the Town of Needham.
- e) “Plastic” means material made from or comprising organic polymers from plant extracts or fossil fuels, whether the material is processed, reprocessed, re-used, recycled or recovered. Polymers are any of various complex organic compounds produced by polymerization—a process in which small molecules combine to make a very large chainlike molecule. Polymers can be molded, extruded, cast into various shapes and films, or drawn into filaments and then used as textile fibers.
- f) "Retail Sales Establishment" shall mean any business facility that sells goods directly to the consumer whether for or not for profit in the Town of Needham including, but not limited to retail stores, wholesale suppliers, restaurants, pharmacies, food or ice cream trucks, private membership clubs, convenience stores, grocery stores, supermarkets, liquor stores, seasonal and temporary businesses.
- g) “Single-use” means food and beverage serviceware that
 - 1) is not reusable,
 - 2) is designed to be used once and then discarded,
 - 3) is not designed for repeated use and sanitizing.

3.14.2 Regulated Conduct.

- (a) Food, Beverage and Retail Sales Establishments are prohibited from dispensing Prepared Food, condiments, sauces, or beverages to any person in Single-use Dishware and Containers made from black plastic.
- (b) Food, Beverage and Retail Sales Establishments are prohibited from providing Single-use Flatware made from black plastic to any person.
- (c) The Town of Needham is prohibited from dispensing Prepared Food, condiments, sauces, or beverages to any person in Single-use Dishware and Containers made from black plastic.
- (d) The Town of Needham is prohibited from providing Single-use Flatware made from black plastic to any person.

3.14.3 Effective Date. This by-law shall take effect on January 1, 2026.

3.14.4 Regulations. The Needham Public Health Department may adopt and amend rules and regulations to effectuate the purposes of this by-law.

3.14.5 Severability. Each separate provision of this section shall be deemed independent of all other provisions herein, and if any provision of this section be declared to be invalid by the Attorney General or a court of competent jurisdiction, the remaining provisions of this section shall remain valid and enforceable.

and

- 2. Amending Section 8.2.2 (Non-Criminal Disposition) by inserting a new row in the table, in appropriate numerical order, to read as follows:

3.14	Black Plastic Kitchenware	\$100	Per Day	Director of Health and Human Services or Designee
------	---------------------------	-------	---------	---

INSERTED BY: Select Board

FINANCE COMMITTEE RECOMMENDS THAT: No Position Taken

Article Information: This article would prohibit food, beverage and retail sales establishments from dispensing prepared food, condiments, sauces, or beverages to any person in single-use dishware and containers made from black plastic.

RESERVE ARTICLES

ARTICLE 13: APPROPRIATE TO CAPITAL EQUIPMENT FUND

To see if the Town will vote to raise, and/or transfer and appropriate the sum of \$161,128 to the Capital Equipment Fund, as provided under the provisions of Massachusetts General Law Chapter 40, Section 5B, and to meet this appropriation that said sum be transferred from Free Cash; or take any other action relative thereto.

INSERTED BY: Select Board

FINANCE COMMITTEE RECOMMENDS THAT: Article be Adopted

Article Information: Massachusetts General Law Chapter 40, Section 5B, allows the Town to create one or more stabilization funds for different purposes. A stabilization fund is a special reserve fund into which monies may be appropriated and reserved for later appropriation for any lawful municipal purpose. Monies accumulated in a stabilization fund carry forward from one fiscal year to another. Interest earned from the investment of monies in the stabilization fund remains with that fund. The 2004 Annual Town Meeting under Article 58 approved the creation of Capital Improvement Stabilization Fund for the purpose of setting aside funds for time-sensitive and critical capital items at times when ordinary funding sources are limited or not available. This fund was repurposed and redesigned as the Capital Equipment Fund (CEF) under Article 14 of the October 21, 2024 Special Town Meeting. The purpose of the CEF is to allow the Town to reserve funds to use for capital equipment when ordinary funding sources are unavailable, but when purchases should not be delayed. Over time, as the fund grows and is supported, it will be one of the tools in the overall financial plan of the Town. Maintaining and supporting such funds is looked upon favorably by the credit rating industry. The balance in the fund as of January 1, 2025 was \$1,705,752.

ARTICLE 14: AMEND SPECIAL STABILIZATION FUND

To see if the Town will vote to amend the special stabilization fund adopted under Article 39 of the 2012 Annual Town Meeting called the Athletic Facility Improvement Fund. The purpose of this Fund is to allow the Town, from time to time, to reserve funds for future appropriation for design, maintenance, renovation, reconstruction or construction of athletic facilities, including Town playing fields and the Rosemary Pool; and further in accordance with the fourth paragraph of M.G.L. Chapter 40, Section 5B which allows the dedication, without further appropriation, 40% of the Rosemary Pool use fees collected be credited to the fund for Rosemary Pool related improvements, effective for FY2026 beginning on July 1, 2025; or take any other action relative thereto.

INSERTED BY: Select Board

FINANCE COMMITTEE RECOMMENDS THAT: Article be Adopted

Article Information: The purpose of this article is to provide another funding source for Athletic Facility Improvement Fund. This fund was originally created in 2012 as a reserve which was to set aside funds for future capital expenses particularly expenses that are anticipated in order to continue to use the facilities such as the replacement of the synthetic turf fields at Memorial and DeFazio fields. The Rosemary Pool has equipment, pumps, and structures that are needed to operate the pool and for the enjoyment of the public, which will need to be replaced from time to time. Positive action on this article will dedicate 40% of the fees collected for the use of the pool to be put into the fund so that there are monies available to help fund those expenses. Based on a five year average, approximately \$97,000 would be added to the fund annually. Some of the capital expenses that are likely to be incurred for the support of the pool which have been identified by Park and Recreation are estimated to be \$325 to \$425K within the next five years. The funds may be used only upon appropriation by Town Meeting.

And you are hereby directed to serve this Warrant by posting copies thereof in not less than twenty public places in said Town at least fourteen (14) days before said meeting.

Hereof fail not and make due return of this Warrant with your doings thereon unto our Town Clerk on or after said day and hour.

Given into our hands at Needham aforesaid this 25th day of March 2025.

Kevin Keane, Chair

Heidi Frail, Vice Chair

Catherine Dowd, Clerk

6:33 p.m. Call to Order:
A Special Meeting of the Select Board was convened by Chair Kevin Keane. Those present were Vice Chair Heidi Frail, Marianne Cooley, Cathy Dowd, Joshua Levy and Town Manager Kate Fitzpatrick. Katie King, Deputy Town Manager, and David Davison, Deputy Town Manager/Director of Finance, were also in attendance.

6:33 p.m. Approval of the Sale of State House Note (General Obligation Bond Anticipation Note)

David Davison, Deputy Town Manager/Director of Finance, explained that this bond note is for temporary financing to be paid out when it matures on June 26th. This note carries a high interest rate at 8.75% due to it being for a low dollar value and due to recent issues in world markets. This is not expected to be a long term issue. This borrowing is associated with the anticipated \$13.6M South Street sewer project which should be completed within two years. The rest of the project will be funded using debt.

Motion by Ms. Cooley that the Board approve that the sale of the \$172,000.00 General Obligation Bond Anticipation Notes being issued as State House Notes dated April 15, 2025 (the “Notes”), to Oppenheimer & Co at the price of \$172,000.00 is hereby approved and confirmed. The Notes shall be payable on June 26, 2025, and bear interest at 8.75%.

Move that in connection with the marketing and sale of the Notes, the preparation and distribution of a Notice of Sale and Preliminary Official Statement dated March 27, 2025, and a Final Official Statement dated April 3, 2025 (the “Official Statement”), each in such form as may be approved by the Town Treasurer, be and hereby are ratified, confirmed, appointed, and adopted.

Move that each member of the Select Board, the Town Clerk, and the Town Treasurer be and hereby are authorized to take any and all such actions, and execute and deliver such certificates, receipts, or other documents as may be determined by them, or any of them, to be necessary or convenient to carry into effect the provisions of the foregoing votes.

Second: Ms. Frail. Unanimously approved 5-0.

6:45 p.m. Adjourn

Motion by Ms. Frail to adjourn at 6:45 p.m.

Second: Ms. Cooley. Unanimously approved 5-0.
