**TO THE RESIDENTS
OF
Marked Tree Road & Central Ave**

The Department of Public Works has contracted Revoli Construction to install a new water main in a portion of Marked Tree Road at Highrock Street to Central Ave at Pine Street. Revoli will be milling the road surface and preparing the road for new asphalt pavement. Due to this activity, you can expect possible detours and traffic delays. The sidewalk and grass berms will be repaired as the roadwork is completed. Notices will be hand delivered to each residence.

Revoli will be on site beginning Tuesday 5/30/23. Once the construction has started it should take approximately 4 weeks, weather dependent, for the contractor to complete the work. They will begin work on Marked Tree Road @ Highrock Street down toward Central Ave.

If you have any question or would like more information on this project, please feel free to stop by the Engineering Division at DPW, or you may contact Justin Savignano or myself in the Engineering Division at (781) 455 – 7550

Thank you for your cooperation.

Tom Ryder
Town Engineer
